

Sea Cycle Limo Operating Instructions

Peddle Safe and Wear your Life Jacket at all times!

Adjust Peddle Distance

To adjust peddling distance, sit in seat and loosen thumb screw counterclockwise. Pull or push peddling mechanism to the desired distance from seat to allow comfortable peddling. Firmly tighten thumb screw clockwise to secure peddling mechanism in place.

Steering mechanism forward - Right Turn

Steering mechanism back – Left Turn

Maintenance Access Point

Do Not Open, not a storage compartment!

Do not open access point and leave rudder trim down to allow steering.

Caution – rudder can break if beached!

Rudder Trim

For your safety and to avoid damage – Do not stand on seats or baskets!
